LED LANTERN + POWER BANK

With multiple mounting points and plenty of light output options, our U-LITE XL is easy to use and extremely bright at up to 1500lm, making it great for DIY projects at home, or trips out bush.

Coming with an inbuilt 13,500mAh lithium battery, the light has a large battery life, and can even be used as a power bank to charge devices like phones, when away from power.

Includes carry case
